

Enables IT Wins the SVC Channel Organisation of the Year Award

LONDON, UK: - Long established and highly regarded IT Solutions and Managed Services provider Enables IT Group Plc was yesterday named *Channel Organisation of the Year 2013* during SVC's prestigious Technology Awards ceremony. The IT industry's leading names were assembled in Knightsbridge yesterday evening for the announcement of 15 category winners.

SVC's unique program has been designed to reward outstanding achievements within the field of IT, where award winners are decided by end user voting. Enables IT – one of the UK's most rapidly growing technology solutions providers, were nominated by their client base for a variety of innovative Cloud, networking and managed service projects. The combination of highly experienced and knowledgeable consultants, and the industry's leading storage, networking and virtualisation products allows Enables IT to deliver unrivaled value to their customers.

Following the award ceremony, Martin Bradburn, CIO of Enables IT said: 'We are delighted to have been named Channel Organisation of the Year. We are particularly proud of this industry endorsement, as it demonstrates that our many satisfied customers recognise our achievements'.
