Outsourcery awarded runner up at 2013 SVC awards

Outsourcery, the world leading Cloud Services Provider has been named as the runner up for the 'SaaS Solution of the Year' category in the 2013 Storage Virtualisation Cloud (SVC) awards.

The awards celebrate the latest technology innovation and advancement, recognising the projects, products and services and honour the exceptional achievements of companies and teams operating in the cloud, virtualisation and storage sectors over the past twelve months.

Piers Linney, Co-CEO of Outsourcery said: "We're very happy to have been recognised as a worthy candidate for the SaaS solution of the year. Being named as a runner up is still a magnificent achievement for us and we're very thankful to the customers and partners who voted for us."
